EXPERIENCE

Teamwork.com | 2025 - Present

Senior UI Designer

- Leading the design system team operations.
- Directed a full-scale redesign of design token architecture to improve scalability and enable the rollout of dark mode to customers.
- Defined branding guidelines for AI-driven product experiences, enabling fast feature delivery while maintaining system consistency.

Allegro | 2024 - 2025

UI Designer

- Supported the evolution and scaling of design system, including managing dark/light themes across four sub-brands.
- Conducted design audits and implemented an internal analytics dashboard to track adoption, identify gaps, and drive improvements.
- Collaborated closely with engineers to rebuild and maintain component libraries using Figma Connect for more precise design-development alignment.

Virgin Pulse | 2021 - 2024

User Experience Designer II

- Lead designer managing component libraries for mobile and web applications.
- Established documentation, guidelines, standards and best practices for design operations across the organization.
- Cultivated a strong internal community around the system through weekly office hours, changelog updates, and support.
- Increased adoption of components and standards across multiple teams.

BMW Technology | 2019 - 2020

Interaction Design Intern

- Created and established design system guidelines and documentation for the global design team.
- Maintained BMW/MINI UI library components distributed to the global design team.
- Produced animated and static prototypes demonstrating motion and interaction flows, for both design and development.

EDUCATION

Columbia College Chicago

BA in Interaction Design

focus in User Experience

SKILLS

Design System Expertise

System governance, and operations

Design tokens, multidimensional theming

Documentation creation

Community building

Accessibility awareness

Design & Collaboration Tools

Figma, Token Studio, Sketch

HTML, CSS, JavaScript

Lottie, Rive, Adobe CC

JIRA, Asana

Core Competencies

Cross-team collaboration

Working in Scrum methodology

Workshop facilitation

User research

LANGUAGES

Polish

English
